

September 25, 2020

Dear Win,

Breonna Taylor's lawyer released a statement on Thursday saying her family is "heartbroken" and "outraged." Our Win family stands with the Taylors in grief that another Black life has been taken unlawfully and received no justice. We must all stand in solidarity with the Black Lives Matter Movement until there is real change. At the beginning of a weekend that will undoubtedly see more peaceful demonstrations, Win joins the raised voices in demanding an equitable system where Black communities can thrive.

We can start immediately by making our voices heard at the ballot box. This year, Win has worked to help hundreds of clients, tenants, and staff register to vote. If you still need to register or request an absentee ballot, please reach out tockrenn@winnyc.org or ebarbell@winnyc.org.

And if you find you are struggling with the trauma that systemic racism can cause, please take advantage of our Employee Assistance Program at [877-622-4327](tel:877-622-4327) passcode: **Womeninneed**.

Sincerely,

Christine C. Quinn

President & Chief Executive Officer
